THE MIRACULOUS REMEDY!!!

HOLLOWAY'S OINTMENT.

TEN YEARS' INTERMITTENT ATTACKS OF ERYSIPELAS! EFFECTUALLY CURED.

*Copy of a Letter from Mrs. H. Trimmer, of Compton, near Winchester,
dated 13th September, 1853.*

To Professor Holloway,

SIR,—I suffered for a period of ten years (until the last six months) with the most dreadful intermittent attacks of Erysipelas, which confined me to my bed during the whole of the summer months in each year, I consulted the most eminent medical gentlemen in Winchester, but was from time to time doomed to be disappointed in my hopes of obtaining any relief to my sufferings, although I complied strictly with the directions my advisers gave me. At length I was persuaded to give your Ointment and Pills a trial, by a female friend who had been cured of a bad leg by using them; to my surprise and delight, a change for the better was quickly produced, and, in a very short time, they caused the Erysipelas totally to disappear, and my health was entirely resuscitated, which has remained good ever since.

I remain, gratefully yours,

(Signed) **HARRIET TRIMMER.**

Sold at the Establishments of Professor HOLLOWAY, 244, Strand (near Temple Bar), London, and 80, Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicines throughout the Civilized World, in Pots, at 1s. 1½d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each.

A NEW DISCOVERY IN TEETH.—Mr. HOWARD, Surgeon-Dentist, 52, Fleet Street, has invented an entirely NEW DESCRIPTION of ARTIFICIAL TEETH, fixed without springs, wires, or ligatures. They so perfectly resemble the natural teeth, as not to be distinguished from the originals by the closest observer; they will never change colour or decay; and will be found superior to any teeth ever before used. This method does not require the extraction of roots, or any painful operation, and will support and preserve teeth that are loose, and is guaranteed to restore articulation and mastication. Decayed teeth rendered sound and useful in mastication.—52, Fleet Street. At home from 10 till 5.

HOLLOWAY'S PILLS.

HOLLOWAY'S PILLS, singularly efficacious in curing Bile and Indigestion.—These Pills act so peculiarly on the Bowels, and have so good an effect on the system, that persons suffering from Bile, Indigestion, Headaches, Dimness of Sight, Loss of Appetite, Debility, Nervousness, Liver or Stomach Complaints, should have immediate recourse to them, as there is no medicine to be compared with the properties they possess. They may be taken in all climates, and by both sexes, at any period of life. The cures effected by their use convince every one that they are the very best family medicine extant. Sold by all Druggists, and at Professor Holloway's Establishment, 244, Strand, and 80, Maiden Lane, New York.

FREEMASONS' TAVERN.

MESSRS. ELKINGTON & COMPANY have the honour to announce to the public, their friends, and the patrons of the FREEMASONS' TAVERN, that they have entered upon the Proprietorship of that extensive Establishment, fully impressed with the many and varied responsibilities attached to its management.

During the recent vacation they have been engaged in the renovation, decoration, and embellishment of the various Reception-rooms and other Apartments, in accordance with modern taste, effecting a complete change in the aspect of the Establishment, which they believe will materially tend to the comfort and convenience of their Patrons.

It is the determination of the Proprietors to use their most earnest and unceasing endeavours to maintain the ancient reputation of the Tavern, honoured as it has been for nearly a century by the patronage of Royalty, the Nobility, and the most distinguished classes of Society.

They respectfully solicit the support of the Members of the Legal Profession and Parliamentary Agents, to whom they beg to offer every facility for Meetings of Creditors, Arbitrations, Conferences, &c. &c., whilst the several Spacious Apartments afford every accommodation for Meetings of Railway, Mining, and other large Companies.

The Great Hall of the Establishment (possessing the advantage of a private entrance) also affords facilities of an unequalled character for Public Meetings, and Messrs. E. & Co., whilst making moderation in charge a principle of their management, are prepared especially to consider all applications for Meetings for Religious and Charitable purposes in the most liberal and economic spirit.

To the Members of the Masonic Craft, Messrs. E. & Co. address themselves with respectful confidence, trusting to meet with that kind and liberal support ever accorded to sincere endeavours; and they pledge themselves to be unceasing in their efforts to promote the comfort, and secure the approbation, both collectively and individually, of every kind supporter of the Order.

The decorative character of the Saloons and Grand Hall afford peculiar advantages also for the accommodation of Private Parties, and the Proprietors will be happy to receive, in the most liberal spirit, applications for Soirées, Assemblies, and Dinners, from Families whose domestic accommodation may not be sufficiently ample for large parties. Literary, Scientific, Artistic, and other Societies and Corporate Companies, will also be liberally treated with, for their Annual Soirées and Meetings, either at the Tavern or at their own Establishments.

The CUISINE of the Tavern is placed under the direction of a CHEF of acknowledged ability and experience; whilst the Cellar department, recently supplied with Wines of the rarest vintages, will receive the Proprietors' most especial attention, ensuring to them, they hope, a large increase of public patronage.

October, 1855.

HOLLOWAY'S PILLS.

HOLLOWAY'S PILLS extraordinary in the cure of Dropsy.—Sarah James, living with Mrs. Wilders, of Oldham-road, Manchester, had become of such a size from dropsy as to be a burthen to herself; every usual treatment was used, but without effect. In this sad state she tried Holloway's Pills, and by them alone the water was entirely removed from her system, and an effectual cure perfected. These pills were lately tried on two dropsical patients discharged as incurable from a London hospital, and both were cured by this famous medicine.

Sold by all medicine-vendors throughout the world; at PROFESSOR HOLLOWAY'S Establishments, 244, Strand, London, and 80, Maiden-lane, New York; by A. STAMPA, Constantinople; A. GUIDICY, Smyrna; and H. HOODS, Malta.
